Building Healthy Cities

Building Healthy Cities is a five-year cooperative agreement funded by the United States Agency for International Development (USAID) under Agreement No. AID-OAA-A-17-00028, beginning September 30, 2017. Building Healthy Cities is implemented by JSI Research & Training Institute, Inc. (JSI) with partners International Organization for Migration, Thrive Networks Global, and Urban Institute, and with support from Engaging Inquiry, LLC.

This report is made possible by the generous support of the American people through USAID. The contents are the responsibility of Building Healthy Cities and do not necessarily reflect the views of USAID or the United States Government.

We thank the Chief Executive Officer of Indore Smart City Development Limited and officers of the Education Department of Indore for their guidance, and the principals of all government middle, high, and higher secondary schools of Indore City for their cooperation and support.

ANNEX 1

Compliance with Action Points

Supplemental Table 3. Number of Schools Complying with Healthy Policy Action Points (n=148)

Key Attributes	Action Points	Yes Number	Percent
1. The school has a policy on healthy and safe foods.	1.1. The school has taken action to ensure healthy and where possible and appropriate, locally grown food available to students.	101	68.2
	1.2. Healthy food is made available at school social events like sports days, Independence/Republic day, etc.	118	79.7
	1.3. Food vendors selling food to students within the school or in the neighborhood are approved by school/health authority.	5	3.4
2. The school is totally tobacco-free and prohibits use of alcohol and illicit drugs.	2.1. The school has developed a tobacco free policy/strategy for phasing out smoking and tobacco chewing completely within the premises and in a radius of 100 meters outside the premises. This policy applies to all staff, students, and visitors.	43	29.1
	2.2. The school has prepared an appropriate action plan to eliminate alcohol and illicit drugs in and around school premises and in all school activities.	19	12.8
3. The school upholds equity principles by ensuring that girls and boys have equitable access to school resources and opportunities in school activities.	3.1. The school does not differentiate among boys and girls with respect to the use of play space, equipment, teacher time, and sanitary and other resources.	85	57.4
	3.2. Where necessary, it has also taken action to redress inequities between girls and boys.	38	25.7
4. The school has formal procedures in place relating to the distribution of medicines (e.g., iron tablets, deworming medicines, sanitary napkins).	4.1. All medication distributed by the school is recorded.	52	35.1
	4.2. Local health officials provide advice on the suitable storage and distribution of medication.	55	37.2
	4.3. There is availability of sanitary napkins.	74	50.0

5. The school has a policy and program on first aid.	5.1. There are adequate first aid kits for the school.	79	53.4
	5.2. Appropriate number of teachers are trained in first aid.	26	17.6
	5.3. At appropriate age, students are offered training in first aid.	17	11.5
	5.4. Emergency procedures are set out in the event that the urgent referral of a student or a teacher to a hospital or clinic is indicated.	66	44.6
6. The school has policies and programs on the control of worms and other parasites.	6.1. Students are taught basic knowledge and prevention methods.	73	49.3
	6.2. Treatment services are provided where appropriate, and in consultation with health officials.	55	37.2
7. The school has a policy on health screening.	7.1. Children are provided with routine health check ups.	39	26.4
8. The school has a policy on closure in the event of emergencies or other circumstances that would endanger students' health (e.g., classes suspended, students asked to remain at home).	8.1. If there is a continuing interruption to supply of fresh water.	7	4.7
	8.2. In the event of an outbreak of infectious disease.	2	1.4
	8.3. If there are extremes of heat or cold from which they cannot be protected adequately.	49	33.1
	8.4. If sanitation arrangements are considered to be health threatening.	29	19.6
9. The school has a safety plan to be implemented in the event of emergencies or crises.	9.1. The school has an evacuation plan in event of fire; students are drilled in the implementation of this plan.	36	24.3
	9.2. The school has emergency plans for other circumstances which could be expected in the local area and for which little forewarning is likely, e.g. flood, storm, earthquake, physical attack in the event of hostilities.	26	17.6
10. The school has a policy on the control and management of infectious diseases (e.g., tuberculosis, HIV).	10.1. Issues of practical management such as blood spill procedures, needle pricks, spitting, etc.	31	20.9
	10.2. Teachers and other school personnel are provided with training about the prevention and management of infectious diseases.	17	11.5
11. The school upholds democratic and participatory education by ensuring that students' opinions are considered.	11.1. The school has a structured forum for students to voice their opinions and ideas.	138	93.2
	11.2. Student-led activities are common across the school.	147	99.3

Also students have appropriate opportunities with guidance and supervision to initiate and implement health related activities.	11.3. The school facilitates student-initiated activities and student interaction with peers and relevant community members (under teacher guidance and supervision).	95	64.2
12. The school has a policy that restricts and manages student exposure to media and marketing strategies for products and practices that pose a risk to health.	12.1. Care is taken to scrutinize all products to which the students are exposed in the school community.	74	50.0
13. The school has a policy on the establishment and sustainability of a healthy, friendly, and safe environment.	13.1. The school has an action plan to enhance its physical and social environments, developed in consultation with students and parents and where relevant, with local community leaders.	78	52.7

Supplemental Table 4. Number of Schools Complying with Healthy Physical Environment Action Points (n=148)

Key Attributes	Action Points	Yes Number	Percent
1. The school provides a safe, secure, and healthy environment for the school community.	1.1. In selecting any new play and sporting equipment, the school takes safety into account and, if appropriate, ensures that guidelines for their use are in place.	96	64.9
	1.2. The school undertakes periodic safety audits of all buildings, plant, and equipment and school surroundings.	51	34.5
	1.3. In conjunction with the local community, the school takes action to minimize hazards, e.g. related to traffic or tobacco.	56	37.8
	1.4. Procedures for visitors are put in place to ensure the safety of students and staff.	103	69.6
	1.5. The school undertakes regular checks and undertakes necessary action to remove flies, mosquitos, and rat breeding grounds.	89	60.1
2. Adequate sanitation and water is available.	2.1. There are sufficient toilets connected to a functioning sewerage system, and separate facilities are provided for males and females.	127	85.8
	2.2. Safe and clean water is available for drinking, hand washing and food preparation.	130	87.8

3. The school upholds practices that support a sustainable and energy efficient environment.	3.1. Materials, made up of paper, glass, etc. are recycled.	20	13.5
	3.2. The use of disposable plastic containers is discouraged.	143	96.6
	3.3. Energy is conserved and renewable energy sources used where appropriate.	44	29.7
	3.4. The curriculum provides opportunities for students to learn about global, national, and local environmental issues, as well as opportunities to develop actions which the school and students can implement at school and in the community.	131	88.5
4. Where food is provided, it is safe and nutritious.	4.1. Only healthy food is available nearby schools.	19	12.8
	4.2. Food handlers apply precautions on food safety.	39	26.4
	4.3. Unhealthy foods such as colas/burgers are not marketed close to school.	102	68.9
5. Students are encouraged to take care of the school facilities and the constructed and natural environments.	5.1. The school has an adequate garbage disposal system that is suitable to its circumstances.	131	88.5
	5.2. Students participate in keeping the school clean.	145	98.0
	5.3. Students participate in beautifying the school, for example by painting murals and planting trees and shrubs.	142	95.9
6. The school endeavors to enrich learning by ensuring the best possible physical conditions.	6.1. Adequate ventilation exists in all school areas where students gather.	142	95.9
	6.2. Adequate teaching and learning spaces are provided.	117	79.1
	6.3. The lighting is adequate.	142	95.9
	6.4. Provision is made for relief during extreme temperatures.	8	5.4
	6.5. Furniture and other facilities cater to different sizes and needs.	99	66.9
	6.6. The school should identify what standards already exist and explore with relevant authorities how resources can be obtained to meet standards.	122	82.4
	6.7. Sufficient playground is available in school.	101	68.2
	6.8. Sufficient sport materials available to play.	85	57.4
	6.9. Availability of sport teacher in the school.	25	16.9

Supplemental Table 5. Number of Schools Complying with Healthy Social Environment Action Points (n=148)

Key Attributes	Action Points	Yes Number	Percent
1. The school ethos promotes the mental, spiritual, emotional, financial, and social resources of students and staff.	1.1, The school promotes the self-esteem and resilience of students and staff,	140	94.6
	1.2, Teachers do not use harsh discipline and are supportive of and cordial towards students.	140	94.6
	1.3, Students are encouraged to participate in school decision-making processes,	139	93.9
	1.4, Students are encouraged to be active participants in the learning process,	145	98.0
2. The school creates an environment of care, trust, and friendliness.	2.1. The school actively discourages physical and verbal violence, both among students and by staff towards students; and encourages the creative resolution of conflict and violence within the school.	141	95.3
3. The school provides appropriate support and assistance to students and staff who are at a particular disadvantage relative to their peers.	3.1. The school provides appropriate monitoring and support to reduce vulnerability and address special needs of students and staff.	133	89.9
	3.2. The school and/or the education authorities recognize that some students have special needs and ensure appropriate facilities, learning aids, and programs are offered to students with special needs and to students from less advantaged backgrounds.	131	88.5
4. The school provides a fully inclusive environment in which all individuals are valued and differences are respected.	4.1. The school provides opportunities to celebrate cultural, religious, tribal diversity, e.g. through food, art, costume, dance, displays, festivals, etc.	131	88.5
	4.2. The curriculum provides opportunities for students to learn about cultural, religious diversity and customs; and where appropriate, apply this learning.	146	98.6
5. The school is responsive to the educational needs of teachers and parents and how these can influence the well-being of students.	5.1. The school provides the setting for the provision of specific educational services for parents, for example literacy and parenting skills, and encourages and facilitates the formation of parent support groups.	49	33.1

Supplemental Table 6. Number of Schools Complying with Links with the Community Action Points (n=148)

Key Attributes	Action Points	Yes Number	Percent
1. Family and community involvement in the life of the school is fostered.	1.1. Families are involved in making decisions about suitable health promoting activities, such as food policies, the development of a school garden, physical activities and sexuality education.	71	48.0
	1.2. The curriculum contains health-related activities which involve children working with their families.	94	63.5
	1.3. Local groups and health organizations providing services in the local community participate collaboratively in school activities.	86	58.1
	1.4. The school seeks guidance and advice from other agencies on specific emerging health-related issues.	71	48.0
	1.5. Students and teachers participate in local events on a regular basis such as culture, sports, and festivals.	133	89.9
2. The school is proactive in linking with its local community.	2.1. The school informs the local community of its health initiatives, for example through the use of local media, school open days or community functions where students provide "healthy school" displays.	64	43.2
	2.2. The school shares its facilities with relevant health promoting community members and groups.	71	48.0
	2.3. The school works with the local community to reduce the impact of media messages and marketing approaches which may be detrimental to the health and well-being of the students.	108	73.0
	2.4. The school works in partnership with local media organizations to enhance the media literacy of students and teachers to create a communication environment that is supportive of health.	35	23.6

Supplemental Table 7. Number of Schools Complying with Competencies for Healthy Living Action Points (n=147)

Key Attributes	Action Points	Yes Number	Percent
1. The curriculum approaches health issues in a coherent and holistic way to build competencies for students from which they can take actions.	1.1. The health curriculum is designed to be interesting and relevant to students and others.	125	85.0
	1.2. The learning process emphasizes student participation and empowerment.	145	98.6
	1.3. The curriculum supports the students' routine health-care management.	143	97.3
	1.4. The curriculum provides developmentally appropriate learning experiences.	143	97.3
	1.5. Sufficient time each week is allocated to health in the overall curriculum.	112	76.2
2. The curriculum improves students' understanding of health issues. Additionally, it provides opportunities (that are both age and developmentally appropriate) for students to develop and apply their skills in addressing health issues at the individual, family and community levels.	2.1. Students gain a basic understanding, appropriate to their age and culture, of nutrition, WHO's 5 Keys to Safer Foods, disease prevention and hygiene, physical activity, safety, mental health, life skills, sexuality (including HIV), tobacco and drug use prevention, accident and injury prevention, oral health and environmental issues.	111	75.5
	2.2. Students have opportunities to gain skills with respect to specific health issues, such as resisting tobacco and drug use and maintaining oral hygiene.	87	59.2
	2.3. Students are provided with authentic learning experiences and supported to acquire skills in practicing protective behavior and avoiding risky behavior.	91	61.9
	2.4. Students develop competencies in problem-solving, decision-making, effective communication (including negotiation and refusal skills), advocacy, coping with emotions and stress, and critical and creative thinking to enhance their own health and well-being and to take action to improve family and community health.	137	93.2
3. Teachers are adequately prepared for their role as key participants in health promoting schools.	3.1. Teachers are provided with pre-service and in-service programs on health promotion and health promoting schools (such as short courses and workshops with refresher and update opportunities).	55	37.4

	3.2. Teachers are provided with adequate information, on an ongoing basis, about the availability and use of health resources to facilitate learning and effective teaching and learning strategies.	70	47.6
	3.3. School authorities enable all staff to gain the knowledge and skills necessary to take action to improve their own health.	38	25.9
4. Schools facilitate learning opportunities about healthy living in the local community and society.	4.1. In addition to professional development programs provided for teachers, training sessions are made available for parents, key health and education personnel and local community members to equip these groups to take actions to advance the health and well-being of students and their families and communities.	24	16.3

Supplemental Table 8. Number of Schools Complying with Health Care and Promotion Services Action Points (n=148)

Key Attributes	Action Points	Yes Number	Percent
1. Basic prevention, promotion, and protection health services which address local and national needs are available to students and staff.	1.1. The school actively seeks immunization for its students.	88	59.5
	1.2. Appropriate health screening is provided, for example for vision, hearing, and physical development.	91	61.5
	1.3. Appropriate basic oral health services are provided.	63	42.6
	1.4. Appropriate health records of children's health status are kept by the relevant authorities.	54	36.5
	1.5. Counselling and support services are available for socially and emotionally distressed students and those with health problems.	111	75.0
2. Local health services contribute to the school's health program.	2.1. There is consultation between health services personnel and teachers about the design and implementation of the health-related curriculum.	42	28.4
	2.2. Health services personnel complement the work of teachers by collaborating with school staff in supporting curriculum initiatives.	39	26.4
	2.3. Health service agencies are proactive in approaching schools to	77	52.0

	offer support for health promotion activities.		
	2.4. Local health services support schools by explaining and managing local health campaigns.	75	50.7
3. Health services contribute to teacher training.	3.1. Relevant health services personnel provide training programs for teachers in appropriate topics like first aid, deworming, nutritional supplementation, etc.	108	73.0

ANNEX 2

Compliance with Key Guidelines

Supplemental Table 9. Percent of Government Schools in Compliance with Key Guidelines on School Environment, Food Safety, and School Health Services in Indore City during Baseline Assessment under BHC Project

Theme	Indicators	Compliance (%)	Deficiency (%)
School health environment	Adequate ventilation, lighting, and teaching-learning spaces.	95.9	4.1
	Provision of safe and clean water for drinking, hand-washing, and food preparation.	87.8	12.2
	Sufficient and separate toilets for males and females.	85.8	14.2
	Provision of a safe and secure environment.	64.9	35.1
Nutrition and food safety	Healthy food available at school social events like sports days, Independence/ Republic Day.	79.7	20.3
	De-worming services provided.	37.2	62.8
	Food handlers apply food safety practices.	26.4	73.7
School health services	Provision of health screening including vision, hearing, and physical development.	59.5	40.5
	Provision of sanitary napkins.	50.0	50.0
	Provision of basic oral health services.	42.6	57.4
	Maintenance of health records.	36.5	63.5

Supplemental Table 10. Percent of Government Schools in Compliance with Key Guidelines on Health Promotion and Social Environment in Indore City during Baseline Assessment under BHC Project

Theme	Indicators	Compliance (%)	Deficiency (%)
Tobacco, alcohol, and drug abuse	Compliance with provisions in Cigarettes and Other Tobacco Products Act (no tobacco sale in 100-meter radius).	29.1	70.9
	Appropriate action plan to eliminate alcohol and illicit drugs in and around school premises and in all school activities.	12.8	87.2
Physical activity	Availability of playgrounds.	68.4	31.6
	Availability of sufficient sports materials.	57.4	42.6

	No gender discrimination with respect to the use of play space, equipment, teacher time, and sanitary and other resources.	57.4	42.6
	Presence of a sports teacher.	16.9	83.1
Health education	Opportunities for students to gain skills with respect to specific and relevant health issues.	59.2	40.8
	Training appropriate number of teachers in first aid procedures.	17.6	82.4
	Training students at an appropriate age in first aid procedures.	11.5	88.5
	Training of teachers and other school personnel on prevention and management of infectious diseases.	11.4	88.6
School social environment	Promotion of the self-esteem and resilience of students and staff.	94.6	5.4
	Appropriate monitoring and support provided to reduce vulnerability and address special needs of students and staff.	89.9	10.1
	Appropriate facilities, learning aids, and programs are offered to students with special needs and from less advantaged backgrounds.	88.5	11.5
	School celebrates cultural, religious, tribal diversity (e.g. through food, art, costume, dance, displays, festivals).	88.5	11.5
