

#NoMatterWhat, humanitarian responders bring relief to those affected by conflict, climate change, and disasters. World Humanitarian Day honors the aid workers who provide life-saving services despite difficult and dangerous working conditions.

**WORLD
HUMANITARIAN
DAY**

HEALTH SUPPLIES ARE AN ESSENTIAL PART OF DISASTER RESPONSE

We invite all humanitarian health logisticians to join HCL, the Humanitarian Commodities Logistics group, a subgroup of the International Association of Public Health Logisticians (IAPHL).

Go to <https://iaphl.org/membership/> to sign up. Membership is free of charge.

THE HUMANITARIAN COMMODITIES LOGISTICS GROUP: A COMMUNITY FOR HUMANITARIAN RESPONDERS WHO MANAGE HEALTH SUPPLIES

**399 members reported a program focus*

HCL INFORMATION SHARING

HCL listserv

HCL resource library | 170 supply chain resources

Webinar Recordings | 27 webinars and technical discussions with Q&A

Quantification Tools | 20 forecasting and quantification tools and manuals

eLMIS Tools | more than 40 eLMIS tools for SCM IT systems

HCL is supported by the USAID-funded Building Capacity to Improve Pharmaceutical and Medical Commodity Management in Humanitarian and Emergency Settings program, managed by JSI. The project strengthens the capacity of supply chain staff from international organizations and local NGOs by equipping them with training, guidance, resources, and follow-up support.
