Be Wise! Get your child fully immunized

Ministry of Health & Family Welfare
Government of India

NATIONAL HEALTH MISSION

Rapid Immunization Skill Enhancement

What is RISE?

A sustainable, innovative, customized capacity building mechanism that is complementing the standard classroom training on routine immunization. As the technology has reached to more than **37,000 health workers** across the country, it demonstrates:

❖ Leveraging wide reach of digital technology amongst the healthcare workers

❖ Updated curriculum, addressing the rapidly changing UIP guidelines

❖ Supportive supervision through real time monitoring

❖ Flexible to the needs of learners

Value Addition in Immunization Training

*Customised Learning Management System
*Standard content and quality of training

*E-learning and certification
*Learning in hands
*Available 24*7

*Dynamic dashboard for monitoring
*Self performance
*Team performance

*Anytime, Anywhere
*Quick updates

Journey of RISE Project, 2021-2024

RISE (Rapid Immunization Skill Enhancement) was piloted *in the year 2020* with *more than 2600 learners* in five districts – Shimla (Himachal Pradesh), Bhopal (Madhya Pradesh), Khordha (Odisha), Pune (Maharashtra) and Kancheepuram (Tamil Nadu).

During 2021-2022, the project expanded to 33 districts in Himachal Pradesh, Madhya Pradesh and Odisha reaching to *more than 12,500 learners.*

In 2023, after saturating Himachal Pradesh, the project stepped in 13 districts of Uttarakhand. Along with, it gradually expanded to *16 more districts in Madhya Pradesh* and *10 more districts in Odisha* and further reaching to *more than 24,000 health workers.*

Currently (2023-24), the project is mandated to be implemented in the remaining 22 districts of Madhya Pradesh and 9 districts of Odisha. After completion, both the states will be saturated with the RISE training whilst, RISE has started in Maharashtra (15 Districts and corporations) and Tamil Nadu (15 districts) in a phased manner.

The project aims to reach more than 40,000 learners by the end of the year 2023.In addition, 5 more states and 80,000 more learners will be enrolled by 2026.

Saturated, 2021-2022 (2500 Learners*)

Saturated, 2023 (2500 Learners*)

Ongoing, 2021-23 (18,000 Learners*)

Ongoing, 2021-23 (7,000 Learners*)

Ongoing, 2023-24 (4500 Learners*)

Ongoing, 2023-24 (3500 Learners*)

*Target learners

1

Dr. Sachidananda Mishra,
ADPHO(FW),
Kendrapara, Odisha.

RISE training through digital platform is a very nice initiative by the Ministry of H&FW, Govt. of India and successfully implemented in Odisha state by the JSI team with the support of State Immunization Division, H&FW Dept, Govt. of Odisha. This integrated learning approach has helped in developing the skills of the health workers and their performance has improved tremendously at the field level.

Since some vaccinators of our health system are nearing retirement, at first, they were reluctant to operate Android mobile phones but after getting started, they felt it was very user-friendly and their knowledge was also getting upgraded. I feel proud that all vaccinators of Kendrapara have completed the RISE training in due time. Lastly many thanks to JSI, India for developing such a beautiful application, which can be used at any place of India at any time and heartiest congratulations to the district immunization team (ICA, DVLM, DMRCH) for their constant efforts in the 100 % completion of all modules of RISE in the district.

Dr. Pradeep Kumar Das,
ADPHO (Leprosy) &
MO I/C of CHC Marsaghai,
Kendrapara, Odisha.

RISE training through android mobile app is an excellent initiative by JSI, India with the support of MoHFW, Govt. of India. The RISE app is very much user friendly and the modules of RISE have helped tremendously in upgrading the knowledge as well as skill of the health workers and their approach towards the beneficiaries has improved a lot than before while giving vaccination services. The chapters related to open vial policy, freeze sensitive & heat sensitive vaccines, session site management, the route and dose of various RI vaccines and AEFI management are very much informative. I feel overwhelmed to see the health workers of my CHC have completed all the modules of RISE training and it has certainly affected my block's immunization performance in a positive way. My heartiest thanks to the District Immunization Team and the State Level Consultants of RISE for their timely support and intervention in completion of the RISE training modules in my block.
